

Resilience – Canada Research Chair (Tier 2)

Date of posting: October 11, 2018.

The Faculty of Health at Dalhousie University invites applications for a Social Sciences and Humanities Research Tier 2 Canada Research Chair (CRC) in the area of “Resilience” to be held in the School of Social Work, Faculty of Health. The appointment will be a **probationary tenure-track or tenure-track position at the rank of Assistant or Associate Professor** with an anticipated start date of **September 1, 2019**. The successful candidate will have demonstrated potential and capacity to develop and lead an internationally recognized research program, within our *Resilience* focus, that aligns with our strategic directions within the Faculty of Health and promotes collaboration with external partners in this area.

The Faculty of Health has a core group of faculty in the area of Health Equity and Resilience. The successful candidate will be expected to have and sustain a strong program of research related to the study of child, youth or adult populations who experience positive developmental outcomes despite exposure to significant adversity, and provide leadership in and contribute to intra- and inter-faculty collaborations in this area of emphasis. The successful candidate will have a completed PhD
